How To use This pattern

This is an interactive pattern featuring hyperlinks. You can click on many things throughout this pattern to take you to that particular website or to a different page in the pattern, all with one click.

See a step that says "skip to step X" - go ahead and click that sentence and it will direct you to the next step for the option you are doing.

You will also see a side bar on the left hand side, these are also interactive. Click the tab that you want to go to and it will take you to that page.

Want to learn more on how to use this pattern? Check out our blog post and YouTube video (just click this sentence).

Info

Tips

- Serge or zig zag stitch your seams. This will prevent the fabric from fraying.
- Top stitch using a slightly longer stitch length (3.0) for a professional look.
- To sew a gathering stitch, lengthen your stitch to the longest length. Raise your tension to the highest setting. Sew 1/4" down from the raw edge. Most machines will automatically gather your fabric using this method. Using a full bobbin helps with a tighter gather.

Sewing with knits (If applicable)

- Always cut your pieces out with the stretch going widthwise.
- Use good quality knits. Slinky, thin, warped knits are not ideal and will cause fit issues. I like about a 7-9 ounce knit with 50-75% stretch. To determine the amount of stretch, take 4" of knit and stretch it. Every inch past 4" is 25%.
- Always pre-wash your knits. Knit fabrics shrink a lot. If you do not pre-wash, the sizing will be way off after the garment is laundered.
- Sew your knits using a ballpoint needle. This will prevent tearing of your fabric.
- Use a stretch stitch on all seams that require stretch

Printing Tips

- This pattern features layers. You can choose the size(s) you want to print.
- In the LAYERS panel in adobe reader, you will see 2 files. One for the tutorial and the other for the pattern pieces. In the tutorial file you can turn a layer off ("save ink- don't print") if you plan on printing the whole tutorial to save ink (no need to print all the design/ interactive aspects of the pattern). The other file is the pattern pieces. Click the eye icon to toggle the layers and sizes you want on/off.

- Patterns that have more than 4 pages of pattern pieces will include an A0 file. You can print this at most copy shops. The A0 file also features layers.
- You do not need to print the entire pattern. You can print the pattern pieces and follow the tutorial on your device.
- Be sure your scaling is set to "none" or 100%. Be sure the auto rotate is ticked.
- After you print, tape your pieces together. Match up the lines and circles. Pages will overlap exactly 1". The circles will be 1" as well.

Click here for a more detailed tutorial on how to print layers.

Faux Front Sash: continue below.
Back Bow: skip to step 3.
No Sash: skip to step 8.

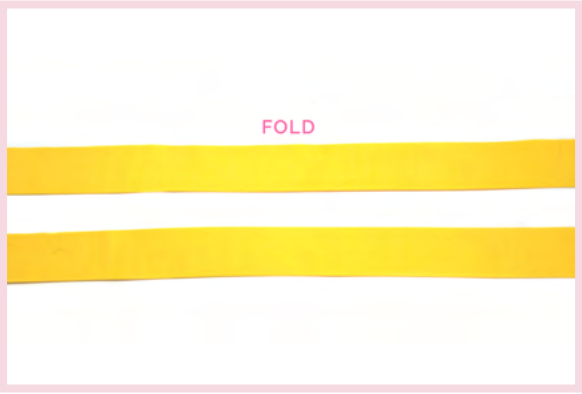
Step 1

Fold the front sash piece lengthwise, wrong sides together and press. The sash piece will be longer than the bodice.

Step 2

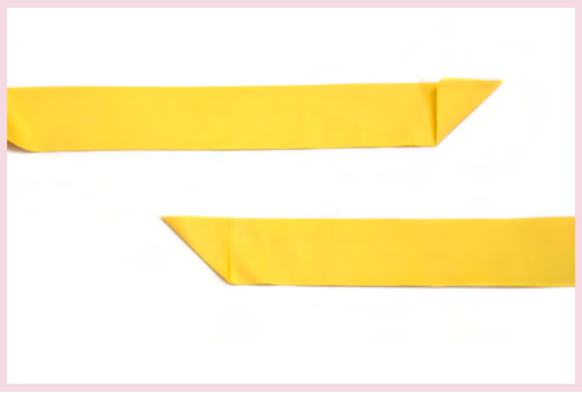
Pin the sash piece to the front bodice by matching up the bottom raw edge. Top stitch the sash 1/8" from the folded edge. Trim off the excess fabric.

Back Bow: continue below.
No Sash: skip to step 8.



Step 3

Fold the back bow piece in half lengthwise, right sides together and press. Repeat this step with the other back bow piece.



Step 4

Working with one short end of the back bow, fold the corner up until it meets the fold you made in step 3 and press. Repeat this step with the other back bow piece.

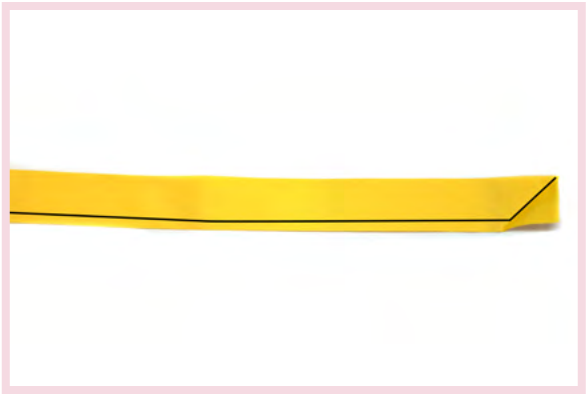
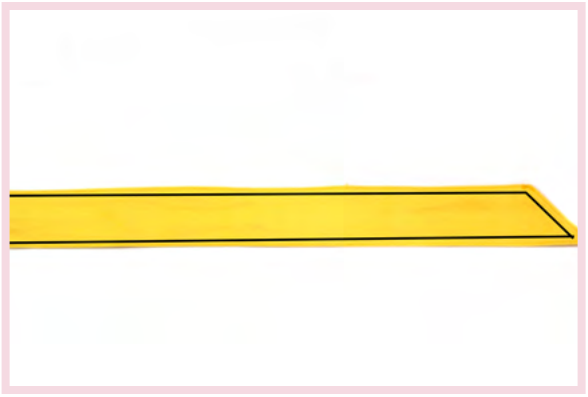
Opal's Wrap Skirt Top & Dress



Step 5
Sew along the diagonal side and long side. Clip the corners and trim the seam allowance. Repeat with the other back bow piece.



Step 6
Turn the back bow right side out and press. Top stitch around the tie on all sides except your raw edge. Repeat with the other back bow piece.

Step 7
Lay the bow pieces on top of the front main bodice piece, diagonal side facing up, 1/2" from the bottom raw edge. Baste the tie to the sides of your front main bodice.

Step 8
Press the length of the tie strap piece in half, wrong sides together, matching up the wrong edges as shown. Repeat with the other tie straps.

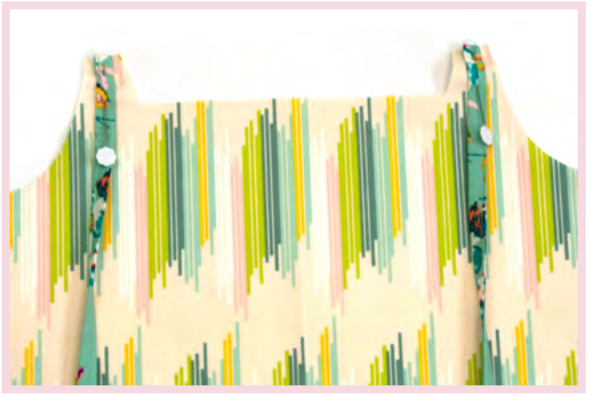
Opal's Wrap Skirt Top & Dress

Step 9

Next, open the tie so the wrong side is facing up. Press one short raw edge 1/4" to the wrong side and press. Press the raw edges so that they meet at the folded edge. Press in place. Fold the folded edges together and press. Top stitch the tie strap closed by stitching 1/8" from the double folded edge.



Step 10

With the right side of the lining bodice facing up, line up the raw edge of the strap with the top raw edge of the bodice peak. Center a tie in each bodice peak as marked. Be sure to lay the tie so that the folded edge faces the center of the bodice and the sewn edge is closest to the side edge of the bodice. Baste tie in place.

Step 11

Place the bodice main, right side facing down on top of the straps and lining bodice piece. Pin in place. Stitch 3/8" along top edge, taking care to stitch the strap only at the top pointed edges. The ties fit in the space exactly. Clip curves and corners, being careful not to clip the stitch line. Turn bodice right side out. Reinforce the tie by stitching in between the 3/8" seam and the raw edge. Then, clip the curves, but do not clip the reinforced strap edge.

OPTIONAL: Using a fabric marker or chalk, mark the 3/8" seam allowance on the WRONG side of the main front bodice neckline. This will help to ensure a clean neckline curve when sewing the sweetheart version.

Step 12

Take the back lining pieces and mark the top center with a pin or iron crease. Take the ties and lay them on the back bodice pieces, right sides together. Center the ties so they are centered on your crease/mark. Baste in place.

© 2020 simplelife PATTERN COMPANY

Opal's Wrap Skirt Top & Dress

Step 13

Lay the main back bodice pieces on top of the lining pieces, making sure the angled sides are the side seams. Stitch up the center back and over the top. Do this on each back piece. Clip the corners and turn right side out.

OPTIONAL: Add a .75" wide piece of interfacing right along the center back stitch line. Cut it to the length of the bodice and press in place on the main fabric. Do this on both sides.

Step 14

Turn the bodice right sides out. Take the lining fabric and separate it from the main fabric on the front bodice and the two back bodice pieces.

Step 15

Take the back bodice side seams and flip them over to the front side seams, right sides together. Sew the side seams together.

Step 16

Press the bodice flat, making sure to carefully press the curved edges so the edges are nice and crisp. Top stitch up one side of the back, all the way around the top and back down the other back side.

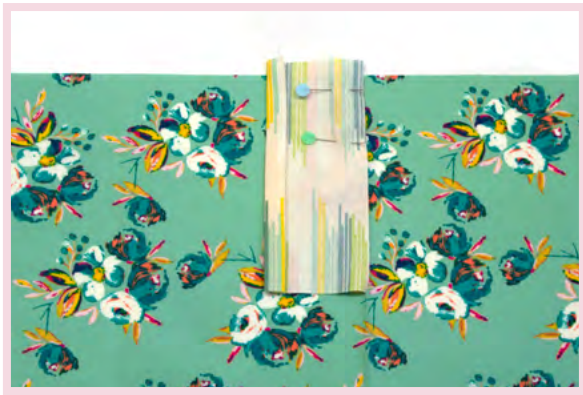
Step 17

Circle Skirt: Find the center back of your skirt piece and measure over to the right 1/2". Cut a 2" slit. **Gathered Skirt:** Find the center back of your skirt piece and press. Cut a 2" slit. This is where the placket will go.

Step 18

Take the placket strip and fold the long edge up 1/2" and press.



Step 19

Take your placket and place the long raw edge along the left side of the slit you cut, right sides together. Pin in place.

Step 20

Spread the slit in the skirt apart and continue to pin the placket to the slit opening. Sew the placket to the skirt using a smaller stitch length and a 1/8" seam allowance.

© 2020 simplelife PATTERN COMPANY

Opal's Wrap Skirt Top & Dress

Step 21
Clip the center V just a tad to reduce tension in that area.

Step 22
Press your placket seam towards the placket. Fold the placket over, just enough to cover your stitching. Sew the placket in place 1/8" from the edge.

Step 23
Open the placket up, take the left side and bring it up to lay flat. Press.

Step 24
Trim any excess placket length off the skirt placket. On the left hand side, the placket folds up behind the skirt. Baste those layers together.

If you are making a simple wrap skirt, continue below.
If you are making a ruffle wrap skirt, skip to step 26.
If you are making a top/dress w/o wrap, skip to step 42.

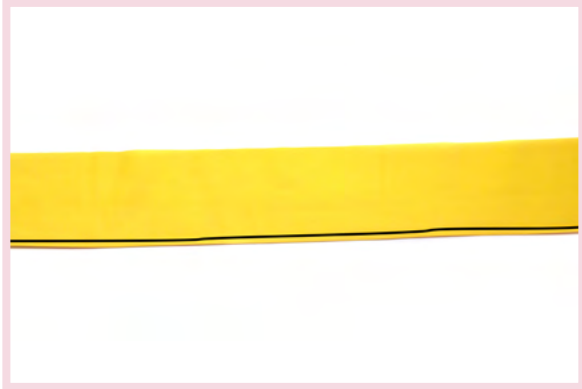
Step 25

Fold the hem of the wrap skirt up 1/4" and press. Fold an additional 1/4" and press. Top stitch the hem 1/8" from the edge.

Skip to step 31.

Step 26

Take two of your ruffle pieces, right sides together and sew/ serge the short side. Sew/ serge all the pieces until they are all sewn together.



Step 27

Fold your hem up 1/4" and press. Fold an additional 1/4" and press. Top stitch the hem 1/8" from the edge.

Step 28

Sew two gathering stitches along the top of your ruffle, the first stitch starting 1/4" and the second 1/2" from the edge. Adjust the gathers to be the same width as the wrap skirt piece.

Step 29
Pin the ruffle to the wrap skirt, right sides together. Adjust your gathers to be the same width as the wrap skirt piece. Sew/ serge the ruffle to the skirt.

Step 30
Press the seam up and top stitch 1/8" from the edge.

Step 31
For both gathered and circle skirts, lay back skirt piece on top of the front skirt piece, right sides together. Sew/serge the right side seam only.

If you are making a simple skirt, continue below.

If you are making a ruffle skirt, skip to step 33.

Step 32
For Gathered or Circle Skirts: Fold your hem up 1/4" and press. Fold an additional 1/4" and press. Top stitch the hem 1/8" from the edge.

Skip to step 38.

Top stitch your ruffle/ skirt seam 1/8" away from the edge.

Circle Skirt with Wrap: Continue Below.
Gathered Skirt with Wrap: Skip to Step 40.

Step 38

Sew two gathering stitches at the top of the wrap skirt,the first stitch starting 1/4" and the second 1/2" from the edge. Gather the skirt to be the same width as the front circle skirt piece. If you are making a ruffle version, do not gather the ruffle.

Step 39

Pin the wrap skirt to the front skirt piece, right sides facing up. The hemmed edge of the wrap will line up to the side seam. Baste the wrap skirt to the skirt.

Skip to Step 41.

Step 40

Pin the wrap skirt to the front skirt piece, right sides facing up. The hemmed edge of the wrap will line up to the side seam. Baste the wrap skirt to the skirt.

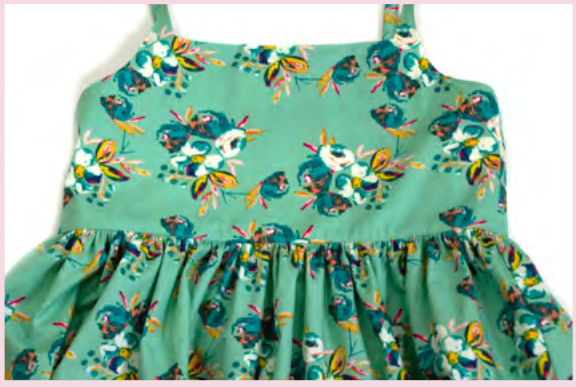
Step 49

Match the back of the bodice right to the edge of the placket and pin. Match the side seams of the skirt to the bodice side seams. Sew/serge your skirt in place.



Step 50

Press the seam up towards the bodice and top stitch 1/8" from the seam.

Step 51

Overlap the back bodice 1" and mark the button placement with a Frixion pen. Add snaps or buttons to the back bodice according to the manufactures directions. If adding buttons, the buttonholes go on the left and the buttons on the right.

Step 52

Tie each strap in a bow.

OPTIONAL: If you'd like to keep the ties from coming undone, lower the dog feed on your machine. Make a few stitches over the knot using a zig zag stitch

If you are adding a front bow, continue below.

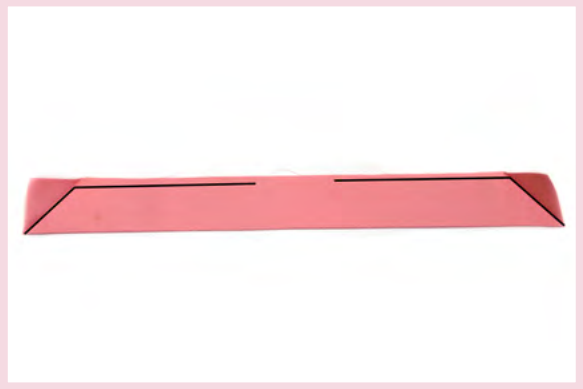
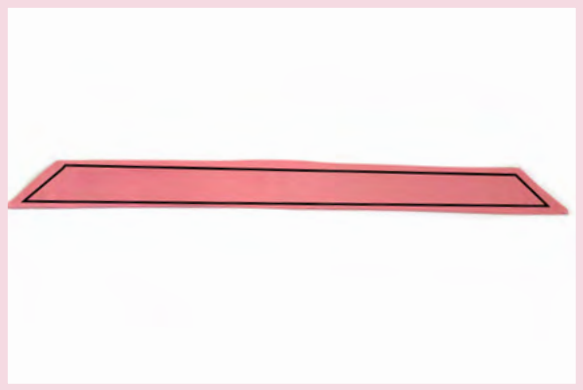
Step 53

Fold the bow piece in half and press. Working with one short end of the front bow, fold the corner down until it meets the fold you made in step 53 and press.



Step 54

Using a 1/4" seam allowance, sew along the diagonal and around your strip, leaving a 1" opening in the center of your long edge.



Step 55

Using the opening we left in the previous step, turn your strip right side out and press. Top stitch the opening 1/8" away from the edge.

Step 56

Find the center of your bow strip and mark with a pin. Fold the left end of your strip to make a loop. Repeat with your right end of the strip.

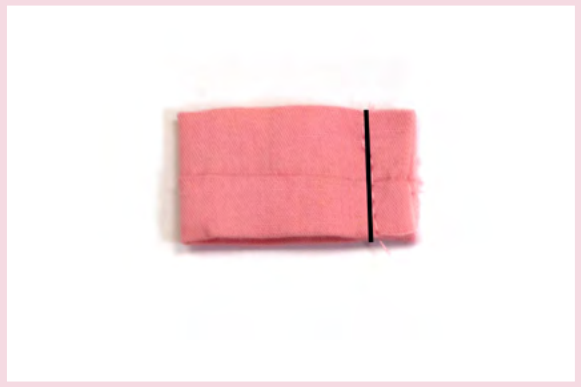
Step 57

Take your bow center piece and fold in half, widthwise. Using a 1/4" seam allowance sew along the raw edge. Turn right side out and press.



Step 58

Take your bow center piece and fold in half, lengthwise. Using a 1/4" seam allowance sew along the raw edge. Turn right side out.

Step 59

Pinch the center of your bow together and place one end of the bow through the bow center. Adjust the bow and bow center until the bow is evenly distributed and the bow center is in the middle.

Step 60

Place the bow on the front bodice, just above where the wrap skirt ends, and pin. Attach with a zig zag stitch by lowering your dog feed and stitching a few times in the same place.

TIP: If you don't want the stitch to show you can also hand stitch the bow to the skirt.
